Access Excellent Facilities

St. Thomas Aquinas offers a rigorous course selection and has first-class facilities to match. From fully-equipped Chemistry labs to 3D printers and smartboards in every classroom, STA leads the way in innovative teaching.

Earn College Credit

Through partnerships with the University of New Hampshire (UNH) and Southern New Hampshire University (SNHU), students can work towards earning college credit by taking select English and Math courses.

Stay with a Host Family

There's no better way to fully experience America than staying with a host family. Our hosts provide a safe and supportive environment, which enables students to succeed in studying and social activities.
